Intermodal EXPO brings the intermodal freight community together around the education, networking and dialogue that move intermodal forward. It is a platform for products, services and solutions; a classroom for new skills and know-how; and an exchange for ideas and business. EXPO is the nexus where 1,800 stakeholders meet, including:

- railroads
- ocean carriers
- motor carriers and drayage companies
- 3PLs
- ports and marine terminal operators
- equipment manufacturers and leasing companies
- technology vendors
- BCOs/shippers

IANA’s roster of more than 1,000 corporate members gives it a unique position within the industry, one which is authoritative, holistic and able to affect change that benefits everyone.

### Monday General Session

**Inside Intermodal: Where We Are and Where We Are Going**

Change is the only constant in intermodal. With last year’s truck capacity shortage in the rear-view mirror, what does the competitive landscape look like now? What does the looming IMO 2020 fuel sulfur regulation mean for the industry? How are new broker technologies having an impact? Precision scheduled railroading? Join our panel of fearless, industry-leading analysts as they share their insights.

### Tuesday General Sessions

**On-Time Rail Service and PSR: What Does it Mean for Intermodal?**

The late Hunter Harrison originally coined the term “precision scheduled railroading,” or PSR, to describe an operational dedication to on-time rail service. Complicated and often misunderstood, this approach was initially thought of as helping merchandise the rail business, perhaps at the cost of intermodal service. Now the industry has turned to rapid adoption. At the same time, intermodal remains the growth leader. What are the implications for the railroads’ intermodal partners? Join us as our Class I intermodalists shed light on these important issues and answer your questions on PSR and intermodal.

**IANA’s Innovation Incubator: From Great Ideas to Intermodal Solutions**

Join us as we throw open the doors to the Innovation Incubator and ignite your imagination! Seven presenters, drawn from IANA member companies, will each deliver fast-paced, thought-provoking seven-minute presentations on the ideas they believe can transform the intermodal industry. When their time is up, you will vote if it’s a “bright idea” or a “bust.”
Build Your Brand, Build Your Network, Build Your Business

IANA year-long and event sponsorships deliver quality exposure and ROI with key industry stakeholders. These opportunities, designed to showcase your products or services, provide a platform for your business to be recognized as a leader, an innovator and a collaborator committed to improving the industry’s day-to-day operations.

For more information, contact Jim Morrow at 301-982-3400, ext. 314 or sponsorship@intermodal.org.

“Hyundai Translead’s sponsorship activities with IANA have fostered many networking opportunities, business development colleagues, and most importantly, valuable contacts from throughout North America involved with intermodal freight. This investment of our resources is more than returned to the company through our continued growth, success and involvement with IANA.”

— Stuart James, Senior Vice President, Hyundai Translead
